THE

VISIONIST

To celebrate the spirit of the vanguard, WedLuxe travelled overseas for a collaboration with internationally acclaimed photography team Miss Aniela, known for their surreal collection of photography that blurs and pushes the boundaries of art, photography, and fashion.

Deep within the British Cotswolds at Eastnor Castle, we captured extraordinary beauty of past and present. Gowns by contemporary couturiers *Ashi Studio*, *Georges Hobeika*, and *Georges Chakra* were juxtaposed against the magnificent Great Hall with its soaring 60-ft high ceilings and impressive armour collection. The drawing room, designed by Augustus Pugin (a pioneer of the Gothic Revival style, culminating in his interior design of the Palace of Westminster), and library, designed by George Fox (complete with Flemish tapestries originally ordered by Catherine de' Medici), provided further visual contrast.

Shot on location at EASTNOR CASTLE. EASTNORCASTLE.COM

'Miss Aniela' is the middle name of Natalie Dybisz, one half of Miss Aniela Ltd, together with her producer partner Matt Lennard. Originating as a self-portrait artist in 2006, Miss Aniela's work has been exhibited internationally and featured in numerous media including NY Arts, El Pais, ALARM Chicago, Vogue Italia, BBC, and the Saatchi Gallery, London.
