Swinging Into I Dos

Allie Fischer and Cody Goloubeff first met at summer camp when they were just kids. It all started with Cody and one of his best friends throwing rocks at the girls' cabin in a gesture to get Allie's attention. "At the age of eleven, it was the epitome of romance and Cody became my first crush," shares Allie. He was too shy to invite her to the camp's end-of-week banquet but luckily, fate stepped in and the two reconnected at a high school party many years later. They quickly began dating and after their senior year of high school, decided to give long distance a try when Cody left to play hockey at the University of Wisconsin-Madison. One year later, Allie transferred to Wisconsin and a few years after that, the couple moved to Washington D.C., "We racked up countless miles, lived in multiple cities, and played on several teams before we finally tied the knot in our dream ceremony, just an hour from Oakville, where we grew up a street apart ten years earlier."

Their engagement took place in Florida, also home to the couple's first vacation spot at the age of seventeen and the place where Cody first said, "I love you." Although Allie was hopeful Cody would pop the question, there were no telltale signs. One night while on their trip, Cody invited Allie to go on a canal boat ride. When the two arrived at the marina, it started to pour but despite the wet weather, they persevered with their plans. They snuggled at the front of the boat under a cover and once the rain had stopped, Cody suggested they take a photo. Allie walked to the bow of the boat, turned around, and saw Cody down on one knee. After she said "YES!" they popped champagne and people congratulated them from the shore. "For us, most summer weekends are spent on the boat at my mom's cottage, so his proposal was the perfect reflection of both our favourite pastime and the location where we laid our roots ten years earlier," shares Allie.

The wedding took place on July 8, 2017 in Toronto, Ontario. Both the ceremony and reception were held at EVERGREEN BRICK WORKS and Laura Attendido of LAURA & CO. EVENTS provided full event planning services.

Allie and Cody planned numerous surprises for their guests throughout the day, the first of which was a pre-ceremony mobile gelateria from **DOLCELLA GELATO**. This kept guests cool as they waited for the day's festivities to begin and included six flavours: stracciatella, mango, lemon, Nutella, decadent Dutch chocolate, and amarena cherry Greek yogurt.

CEREMONY NOTES

The couple exchanged vows on The Francis and Tim Price Terrace in front of an asymmetrical floral arch designed by **RACHEL A. CLINGEN WEDDING & EVENT DESIGN**. In an effort to complement the natural surroundings of the outdoor venue, Rachel's team used fresh vines imported from South Carolina. The floral structure, rich in foliage, garden roses, lisianthus, freesia, and fresh willow, perfectly framed the couple as they said "I do." Fresh cut florals in glass vessels were affixed to chairs from **CONTEMPORARY FURNITURE RENTALS INC.** Foregoing convention, a violinist and pianist from **SATURDAY NIGHT JIVE** played a beautiful version of "Magic" by Coldplay as Allie and Cody walked down the aisle together, a decision they made "as a nod to our already-formed partnership, nearly eleven years in the making, and also as a symbol that we were entering into the marriage together," shares the bride.

After being announced husband and wife, the newlyweds made their way back down the aisle as "Wouldn't It Be Nice" by The Beach Boys (the groom's favourite band) played overhead and guests tossed beach balls in the air.

Jeremy Citron of **ALL YOU NEED IS LOVE** officiated the ceremony.

Cocktail hour featured a Bavarian pretzel bar from **BELONG CATERING** complete with craft beer—a nod to the couple's time spent in Wisconsin—and dip pairings. A sax duo from Saturday Night Jive performed live music as guests mingled.

OUTDOORS IN

The reception was held in the urban-industrial-turned-event-space of the CRH Gallery within the **EVERGREEN BRICK WORKS**. Inside, the **RACHEL A. CLINGEN WEDDING & EVENT DESIGN** team brought the outdoors in as a nod to the bride's wishes for a "rustic glamour"-themed wedding.

The gorgeous head table had its own design moment, showcasing groupings of abundant floral, crystal candelabras with white taper candles, and chandeliers from CRYSTAL WORLD.

ENCHANTED FOREST MEETS INDUSTRIAL GLAMOUR
When the reception space opened up, guests were in awe. “Simply put... The CRH Gallery was transformed into a floral heaven,” says Laura Atendido. The **RACHEL A. CLINGEN WEDDING & EVENT DESIGN** team brought the raw, industrial space to life with suspended floral features and centerpieces as far as the eye could see.
A 16-ft canopy of vines and roses was suspended above the dance floor, framing three crystal chandeliers from **THREE DESIGN**. Gallery tables were accented with oversized, suspended floral centerpieces and more luxe crystal chandeliers. Low floral arrangements interspersed with crystal candleholders of varying heights ran down the tables. Round tables also featured beautiful abundant centerpieces.

“We wanted to transform the space but not hide it, and our wedding planner and decor team did that so perfectly. There were lots of florals and soft details scattered throughout to soften elements like the graffiti and concrete floors.” —**ALLIE**

Guests (and over three million people that have seen a Boomerang of the design in action) couldn't stop talking about the unique floral swings that had been custom-designed and created in-house by LAURA & CO. EVENTS. The swings were suspended from the Gallery's ceiling and wrapped in green vines from RACHEL A. CLINGEN WEDDING & EVENT DESIGN for a truly whimsical and fairytale-esque look. There was even a lounge situated adjacent to the swings so guests could relax as they waited their turn.

Escort cards designed by PAPER & POSTE were sandwiched between two gold dog magnets, which complemented the life-size moss dog from FILMGREENS TORONTO standing at the centre of the escort card table from CONTEMPORARY FURNITURE RENTALS INC.

Rattan Louis chairs from DETAILZ COUTURE EVENT RENTALS, wooden dining tables from Contemporary Furniture Rentals Inc., woven placemats and lace-detailed ivory charger plates from PLATE OCCASIONS, and oatmeal linens from LINEN CLOSET were worked into the rustic-meets-luxe decor.

END NOTES

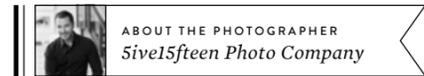

The couple worked with chef Brad Long of **BELONG CATERING** to curate the ultimate culinary experience. They wanted to pay tribute to their love of food and the comforts of classics like Yorkshire pudding and cornbread. Thus, their customized menu included the likes of hot honey-drizzled buttermilk chicken with corn pan bread and filet mignon with horseradish mashed potatoes, maple glazed carrots, and Yorkshire pudding. For dessert, guests were treated to mason jar cheesecake with a graham cracker base topped with fresh raspberries and raspberry purée.

Allie and Cody surprised their guests once again with a same day edit video from **OUTSIDE IN STUDIO** that was projected onto a screen set up by **FIREDOG CREATIVE**. According to the bride, "They enjoyed seeing the big day from our perspective, from Cody's shaky bow-tying skills to the emotions of our first look. Many said it was their favorite detail of the day." **SATURDAY NIGHT JIVE**'s 20-person musical army shared the spotlight with DJ Flash from **ACROSS THE BOARD ENTERTAINMENT** for the reception. "To say Saturday Night Jive brought down the house is an understatement," recalls Laura. The newlyweds had their first dance to an "incredible rendition" of "Perfect" by Ed Sheeran. "Our band and DJ played until 2 a.m. and our crowd was literally chanting, 'one more song, one more song.' No one, including us, wanted the night to end," recalls Allie.

After the wedding, the couple embarked on the trip-of-a-lifetime to Greece. According to the bride, "Santorini was the most picturesque place either of us had ever been; it seemed like with every turn there was another breathtaking, postcard view to soak in. It gave us the perfect opportunity to recuperate from the wedding festivities and soak in the excitement of being newlyweds, with a glass of rosé in hand at all times, of course." They then headed to Mykonos, where they continued to eat fresh Greek food, explore private beaches, and go swimming and snorkelling. The couple currently splits their time between Oakville and the United States, where Cody is a professional hockey player and Allie is in PR and marketing.

THE FOOD DUDES and BEAVERTAILS served mac and cheese, poutine, and beaver tail pastries from their respective food trucks as late-night snacks.
