The bride's engagement ring and wedding band were from PIAGET in Chicago. The groom's wedding band was purchased at BULGARI.

Pretty in Pink

Though Stephani Zambrano and Steven Leyzac's introduction may have been conventional, their engagement was anything but! The couple first met through mutual friends and within a few years, Steven was planning the ultimate proposal. One snowy December day, Steven asked Stephani to meet him at the front of their house. When Stephani opened the front door, she found Steven down on one knee beside an all-white Christmas tree. Perched among the tree branches was none other than a ring box. Immediately after Stephani said "yes," Steven made a phone call and before she knew it, a drone was flying over the house and had dropped enough pink balloons (pink is her favourite colour) to cover the entire front yard. Talk about a picture-perfect moment!

The wedding took place on September 2, 2017 in Toronto, Ontario. Sunny Kiani of LUX EVENTS CO. provided full-service planning and design.

The bridesmaids wore blush pink gowns from DAVID'S BRIDAL.

Stephani wore a fitted Galia Lahav gown from WHITE TORONTO. "It was completely backless and fit my curves in all the right places," shares the bride. She accessorized with Christian Louboutin heels, and earrings and a bracelet from CARTIER, gifted by her mother.

Stephani and Steven's perfectly-pink invitation suite was designed by so PRETTY IN PRINT.

Stephani and Steven said "I do" at the historic **ST. PAUL'S BLOOR STREET**. "Walking down the aisle was the most magical moment of my life. Seeing Steven at the altar made me the happiest woman alive," recalls the bride.

ROYAL ORCHID FLORIST provided all floral for the wedding, including Stephani's feminine bouquet of pink roses that was hand-tied with ivory ribbon.

ROSE GARDEN

The cocktail and wedding reception took place at **THE ADELAIDE HOTEL TORONTO** (soon to be the **ST. REGIS TORONTO**). It was here that the bride's wish for a wedding with "as much pink as possible" came true!

The stunning head table was surrounded by clear Vogue chairs from **DETAILZ COUTURE EVENT RENTALS**. A pink rose runner ran down the centre of the table, cascading onto the floor for a major floral statement. Clear candleholders provided by **HAVE A SEAT INC.** with blush taper candles from **YUMMI CANDLES** lined either side of the runner for additional pink accents. According to the bride, "The room smelled like a garden and was a dream come true."

Lounge furniture included pink velvet sofas and ottomans, mirrored coffee tables, and side tables, all provided by **CONTEMPORARY FURNITURE RENTALS INC.**

SET THE STAGE

ROYAL ORCHID FLORIST transformed the venue into an ultra-glam indoor rose garden. Hand-tied bouquets of pink roses sat in cylindrical glass vases of varying heights on round mirrored tables. Family tables featured rows (and rows!) of white candles and garden roses placed in individual glass vases. For added height, large canopies of white orchids nestled in crystal candelabras stood at the centre of tablescapes. Round mirrored tables and sleek black Vogue chairs were provided

by **DETAILZ COUTURE EVENT RENTALS**. Plexi gallery tables and bars were from **LUXE MODERN RENTALS INC.** **CHAIR-MAN MILLS** supplied the black glassware, crystal charger plates, and blush napkins. The customized stage built by **EPIQ VISION** featured a black glossy decal with a pink rose motif designed by **SO PRETTY IN PRINT** and produced by **DESIGNER DANCE FLOORS**.

END NOTES

One of the bride's favourite elements of the day was their use of two floors at **THE ADELAIDE HOTEL TORONTO**. Guests enjoyed dinner in the 10th floor ballroom, before being escorted downstairs to the 9th floor for the dancing and entertainment portion of the evening.

The eight-tier wedding cake designed by **FINE CAKES BY ZEHRA** was a total showstopper. The pearlescent white stunner, which featured an edible angel wing motif, sugar flowers, and a customized monogram on the fourth tier, was located in the 9th floor lobby on an ornate white table from **LUXE MODERN RENTALS INC.** In the words of Stephani, "It was magical." On either side of the intricate cake were two Fabergé sugar eggs. For dessert, guests indulged in macarons, cupcakes, cookies, donuts, and meringues. Sugar cookies adorned with edible white shimmer angel wings served as guest takeaways, all by Fine Cakes by Zehra.

PARTY CREW ENTERTAINMENT got the party started with a diverse mix of entertainment, including a live singer, a live band, Brazilian dancers, and aerial acrobats. The dance floor was designed by **SO PRETTY IN PRINT** and produced by **DESIGNER DANCE FLOORS. WILD + FREE FILMS** provided their cinematography services. Lighting, AV, and rigging were provided by **EPIQ VISION**.

For their honeymoon, Stephani and Steven enjoyed a month-long European adventure that took them to France, Italy, and Spain. Upon returning home, the pair settled back into daily life in North York, where Stephani is both a civil engineer and real estate developer and Steven is a real estate developer.
